CEPIS **UPGRADE**

Revista de la Asociación
de Técnicos de Informática

Nº 209, enero-febrero 2011, año XXXVII

The cover features a vibrant green field in the foreground. A large, bright green cone of light or energy rises from the center of the field, pointing upwards. The sky is a deep blue with scattered white clouds. Numerous circular images of various celestial bodies, including planets, moons, and galaxies, are scattered across the sky, appearing to float or orbit. The overall theme is futuristic and technological, consistent with the 'Internet of Things' title.

Internet de las cosas
